# A Little Slice Of Heaven

## Synopsis

An Angel With a Bruised Spirit' After a humiliating breakup, Gianna Randazzo temporarily works at her family's pizzeria and rescues the stray cats that appear on her doorstep. Until the night the stray on her doorstep turns out to be a man! A Devil's Bargain' With educated speech and sterling manners, Kyle Hayden isn't the average homeless man. Touched by his situation, Gianna offers him a place to stay and a job. And when he cleans up to reveal a super-hunk, he's the perfect phony, doting boyfriend to escort Gianna to her ex's upcoming wedding. Or maybe this time, love could be for real. Hell Breaks Loose' Until the truth comes out. For while Gianna dreams of happily ever after, Kyle will soon return to the life he left behind--a life that won't include Gianna. Unless he can regain her trust and show her' A Little Slice of Heaven. This is a new release of a previously published edition.

Romance

## Customer Reviews

This contemporary romance was interesting. There was a nice touch of humor woven throughout that I really enjoyed. The plot was different and held my interest. This is the first book that I've read of this author but I'm not sure if I will read anything else of hers due to the unnecessary profanity in

the book. There wasn't a lot of it but I'm trying to eliminate that from my vocabulary and seeing it in print just puts it into my mind and I don't want to go there. So, if that is a concern of yours, you're informed. I wish they could edit out the profanity and offer really "clean" books to readers. Or, add a profanity score to the newly created sex ratings system that some books carry.

This romance has it all. A big-hearted, self-effacing, kind, beautiful heroine who has no idea what a catch she is (having been humiliated by a former fiancé who deserves the witch he marries instead), and an effete, snobbish, devastatingly handsome hero who learns how to be human, to love, and be loved, from her. When very wealthy Kyle ends up living above a pizza shop in less-than-designer digs, making pizza and waiting on tables, he thinks he's doing it to win a bet. What he doesn't know is that the prize at the end of the bet isn't Aurora (I won't spoil the story by explaining Aurora) but Gianna, the woman who wants to save all the abandoned pets, feral cats, disadvantaged children, and one hungry, homeless man hiding behind the dumpster in her alley. Kyle must learn to be nice to the customers, Gianna has to take a chance on a man after having sworn off the species, and both of them end up with several huge slices of heaven. A charming happily-ever-after with Ardito's trademark wit and witticisms, snappy dialogue, and impeccable timing.

The story could have had a great premise. My biggest issue was how the H changed so quickly...like within a few hours. For instance, half way through the book, he hates children and doesn't want to watch them. By the end of the afternoon a little girl, a girl he has spent no time with, gives him a picture and tells him she loves him. He hugs her and then visualizes what his own daughter might be in the future. Then he smells her hair breathing in the strawberry shampoo. Literally, at the beginning of the scene - same day - he referred to children as cockroaches under foot. WHAT??? HOW??? When did the 180 degree turn happen. I went back through the book wondering if I missed something. Were there pages missing? I actually stopped reading the book after this. Unfortunately, this isn't the only time it happened. The Author is able to write. The book could be okay, but I can't get past the changes in personality with the Hero...it's unbelievable and unrealistic. Change doesn't happen that quickly. Needless to say I couldn't finish the book. I have no problem reading romance...even some cheesy romance, but there has to be a modicum of believability to the characters.

It was a quick read and ok, but very predictable and pretty much the same story that has been told

many times in different settings. I wish there had been at least one good love scene as it's a romance...nothing more than a few kisses....

I love to read, but most romance novels are just too graphic, bordering on voyeurism. I enjoyed the story, characters were really believable, and the ending, although expected, was cleverly written! I will be looking for more by Gina Ardito!

A Little Slice of Heaven was just that--a slice of Heaven. Gianna Randazzo loves children, animals and helping people. She's known for taking in stray cats, and here is where Kyle Hayden enters the picture. He's homeless, standing next to a dumpster behind the family's pizzeria. Gianna offers him a place to stay and a job, only to find herself falling for the man who has lost everything--or so it seemed. Kyle was hard to like at first, but when he offered to take Gianna to the wedding of the man who she once dated, who proposed to another woman in front of Gianna, Kyle grew on me. I liked the secret behind why he was homeless, though I could have kicked him for how Gianna found out about everything in the end. All in all, I really enjoyed A Little Slice of Heaven.

Very well-written, in an easy, mature style. I really like this author's work. Unique story lines, well-developed characters... Some mild cussing, clean romance. This was a good story. I look forward to reading more from this author.

This story had it all! From fantastic romance to warm heartwarming storytelling. I enjoyed this story from the very first page and it just kept getting better as I read it to the end. The characters were exceptionally well-written and I enjoyed how the author developed all of the characters. I definitely will be looking for more from this author. This was definitely a five star book.
