## Customer Reviews

I sure enjoyed this exciting tour even though It makes one feel very chilled when reading about their climate and temperatures being so so chilling! And love.y photos and information that those of us

who. may not be so blessed to go sightsee in the normal way as some could. So, I am giving it five stars and recommending this for kids and up like me who is a senior citizen. I received this ebook for free and in return, here is my honest review. Super job Liam! By Angela

Short and nice little book. My children enjoyed it as much as I did. Thanks for your time and efforts to put up this little book for us.

My 5 year old daughter and I enjoyed this book as she was hoping to learn about Antarctica. Mission accomplished! Thanks you for this thoughtfully written book that was informative and accessible for kids. Much appreciated!
