Synopsis

Which is fitting, since we're in Las Vegas, Sin City. Where anything can happen. Even a guy like me falling in love--at first sight. Now that I have her in my arms, and in my bed, I have no intention of letting her go. No matter what it takes. She has no idea who I am. She has no idea what I am. She has no idea what I'm up to... When she finds out the truth, will my princess let me sweep her off her feet, or will she put this knight-in-shining armor through the battle of his life? Customer Reviews

If you have read the other two Alexa Kaye books you will notice some similarities: heroes are crazy over heroines, heroines are "technically" virgins, heroes appear more invested into the relationship at first, and heroines are the reasonable ones putting the brakes on a fast track to the wedding. This book had all that, However, this time around it is about a manwhore prince that is instantly attracted to down on her luck heroine, while they are both in Las Vegas. Heroine is blowing all her money to go to Vegas to live it up and get her V-card punched. She just broke up with her boyfriend of four years. We learn that she just graduated, is a former foster child, and is horny. She goes alone to Vegas with a plan to hire someone to finally go all the way with her. So she dresses the parts and heads on out. As she gets on an elevator she notices hero and makes pass at him. He notices and flirts back. Heroine is only thinking about one thing, while hero is finding himself falling hard for the heroine. As story keeps progressing we realize he has lost his mind and is crazy for her. I mean he is just laying it thick. While heroine is still only thinking about one thing. He tries to set things up to get her to marry him immediately. She is not having none of that. She just wants a "manwhore". Funny fact, he is a manwhore. Anyway, things progress to them finally getting it on. Heroine finally gets what she wants. Hero is still head over heels crazy for her and pushing the whole HEA thing. She thinks he is crazy and kicks him out after argument they have. He gets help from his loyal staff member on how to go for broke and get chance with her. This guy is still on the "lets get married" train.
