The Norton Book Of Friendship

Synopsis

This anthology collects the world's classic and literary instances of friendship and intimacy. Famous literary friendships such as those between H.L. Mencken and James Joyce, Gustave Flaubert and Ivan Turgenev, and Elizabeth Bishop and Marianne Moore are examined in this magnificent collection of stories, legends, poems, essays, letters, and memoirs that illuminate the breadth and depth of friendship in all its human complexity.

Customer Reviews

As I wend my way through my annual course on love and friendship at Notre Dame I find myself turning to this volume as well as the complementary Oxford Handbook more and more. This is a wonderful collection of materials that one can move around within and give students a variety of important perspectives on the topic of friendship. Much better than most of the contemporary analytic philosophical literature, although some of those keeper essays set a useful framework for what you find in here. Friendship seems to repay a method of "angles", concrete reflections on lived friendships written up by writers.
