# An Unexpected Passion (Unexpected Series Book 2)

## **Synopsis**

Fully prepared to sacrifice her own future for her brother's life if she must, Lady Phoebe St. Daine cannot understand why Tristan insisted she go back on her promise to marry Edward Claybourne, the Earl of Vykhurst's grandson, when doing so would mean the forfeiture of his own life, as well. Having fully resigned herself to the idea of marrying Edward long before she laid eyes on him, Phoebe refuses to break the promise she has made. But she never expected to enjoy Edward's company, or most especially, his kisses. Nor did she expect to fall in love ...

## **Customer Reviews**

The author is an excellent writer even being the queen of commas and never-ending sentences. Likewise, the story line had all the elements to be enjoyable, but there were too many contradictions, inconsistencies, and continuity problems. I found myself really enjoying certain passages, and thinking, "Now this is how the author should continue and expand," but then, no more. It abruptly fell flat and the chapter quickly became anticlimactic, filling pages with wordy prose and depressed moods. By the middle of the book, I completely forgot about the 2 main characters love story for all the description of the horrid, middle brother's selfish, self-loathing, and the misery expressed by the author of what he was feeling that I wanted to scream, "Enough! Where are

Phoebe and Edward? Am I reading a different book now? I want to read about them falling in love not this boorish brotherâ™s ridiculous rantings.â•Then, out-of-nowhere in a new chapter, profanity twice from sweet, caring Phoebe. Was this an ode to Dr. Jekyll and Mr. Hyde? Or was this another writer splicing chapters to make a \$0.99 deal of the day? It was so out-of-character and a horrible device for portraying Phoebeâ™s exasperation. Profanity is wrong. If the author had stuck with the relationship building started at the beginning and culminated at the end of the book throughout the book, it would have been 4 stars. There was some humor and a little chemistry, but so little that it was difficult to believe Phoebe and Edward could have fallen in love. Edward was pretty much a jerk and he didnâ™t even do anything heroic that makes for believable love stories. The best writing about passion was described in his artistic talent. I was convinced of his passion for painting. Phoebe, not so much.
