Synopsis

Book Description Bowling - Step By Step Guide For A Beginner To Learn The Fundamentals Of Bowling Today only, get this Kindle Book for just \$2.99. Regularly priced at \$7.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Description From a spectator's standpoint, playing golf seems to be quite a graceful sport. It seems to require perfect form and a rather impeccable aim. Knocking down a set of ten pins time and time again would seem like a feat for the exceptionally gifted. However, even the best bowlers out there started from a measly and humble beginner. That is basically who this book is for. It's for the curious and anyone convinced that they need to learn how to play bowling. This book covers the very basics from the rules of the game, proper form, picking the right bowling ball, and coordinating your arm and foot movements. This book is designed for the ultimate beginner. It will walk them through each step of the way in simple easy to understand terms. In the end, if you master the basics, the advanced topics will be made easier. Of course, learning how to play bowling will require a lot of practice. Beginners equipped with the right info contained in this book will learn how to get started with their game and get themselves grounded on the right path to bowling success.
