Customer Reviews

I just bought this book. Its a very short story. I hate when authors do this. She has other book connected to this so it makes it seem like it will be a longer story but its not. So don't buy it or waste you times.

A lot of the bad boy books Iâ™ve come across lately have been way below my expectations, in terms of what a good, steamy read should be, and just in overall quality of writing. That being said, this one was exceptionally well-written, and it held my interest throughout. The main characters are believable and intriguing, and of course, the steamy scenes got my undivided attention and two thumbs up. The fact that it comes with multiple other books is just a bonus. I havenâ™t had the chance to read all of them, but I really enjoyed the Military Romance called âœThou Shalt Killâ•. Iâ™m so stalking this author for more!

Just "meh" on this one. Nothing stood out. There were too many extras (more extras than story, is a bit much, yeah?).

It was short with 11 books attached. This review is for Break. Break had one hot moment out of 12 chapters. Didn't read other books attached. Thankfully it was on kindle unlimited or I wouldn't have bought it.

I really enjoyed this book. At first I was kind of angry at the big hot shot in the book for the way he made himself out to be above everyone else. But not all things are as they seem. And by the end I was hooked.
