Deadly Animals In The Wild: From Venomous Snakes, Man-Eaters To Poisonous Spiders (Deadliest Animals On The Planet)

Synopsis

Children learn to use their imagination when they read about things that are new to them and naturally intriguing. Learning about deadly animals sparks the minds of kids as they envision such animals out in the wild and how they hunt and capture prey as kids can create amazing scenarios simply through the use of their imagination once they know some basic information. Kids adore anything about animals and learning about deadly ones is one way to capture their attention.

Customer Reviews

I enjoyed this books. The pictures in this book were my favorite part. I learned a few things as well. Mosquito was not one I thought would be in this book. Cool!

Not all animals are deadly..some are friendly while some are dumb af. This book contains a lot of pictures and illustrations of the so-called deadly animals.

Good •¢ .

it sucks horrible stupid pictures and does not teach you about animals don't spend 99cents on it if you do your an idiot
